

Press release December 12, 2022

# Ovzon receives 16 MUSD order from U.S. DOD for Ovzon SATCOM-as-a-Service

Ovzon has today received, via their partner **Intelsat General Communications (IGC)**, several renewed orders for Ovzon's SATCOM-as-a-Service to the United States Department of Defense (U.S. DOD). The various services are renewed for 12 months and will start in mid-December 2022.

Ovzon's SATCOM-as-a-Service is the markets leading integrated solution. It combines Ovzon's ultra-small mobile satellite terminals, highly resilient and high-performance satellite networks, and the best-in-industry service and support from Ovzon's Network Operations Center (NOC). Ovzon SATCOM-as-a-Service delivers an unmatched level of strategic, operational, and tactical agility to the U.S. DOD for their important and critical missions.

"The continued trust that the U.S. DOD places in Ovzon is a tremendous honor. We remain fully committed to delivering the best and most resilient SATCOM-as-a-Service solution in the market. Our relationship with the U.S. DOD is strong, and we will continue to work together to support their critical missions around the world. We are also excited about the unique, near-peer capabilities we can provide with the upcoming launch of Ovzon 3. This will further enhance mission success for this customer in a contested environment," says Per Norén, CEO of Ovzon.
