

Ovzon Go

Ovzon Go is our flexible service for fixed usage model

Performance

The service provides users with access to flexible, simple service bundles that have the highest bandwidth and the smallest terminals. The service is delivered with Ovzon's On-The-Pause and On-The-Move terminals.

Target Markets

Government and Defense, Broadcast, Disaster Relief, Maritime, Emergency services.

Service and Support

The services are monitored and controlled through our 24/7 NOC.

Global Reach

Our services are operated on satellites covering the US and LATAM, Asia, Europe, and Africa. Gateways with secure backbone connectivity are located in Europe and Africa.

Disclaimer

Service is subject to availability.
